Do I need to go out and buy a chest freezer? If you want our honest opinion: go for it! You can use it to freeze all of that extra corn and broccoli and then add your meat, making it a truly local and organic cupboard. The rule of thumb is 30-35 pounds of meat will require 1 cubic foot of freezer space. The freezers attached to refrigerators are 5-6 cubic feet.

Where & When Do I Get the Meat?

Pork will be picked up by you at Lake Geneva Country Meats on Hwy 50 east of Lake Geneva, WI. We'll tell you when to call Lake Geneva Country Meats and speak with one of their helpful customer sales people who will walk you through the process of choosing how to have your meat cut. It can be picked up 7-14 days after slaughter.

Beef will be picked up at Earth Harvest Farm; please be prompt in picking up your order, exact dates and details will be emailed.

Chicken will be picked up at Earth Harvest Farm; please be prompt in picking up your order, exact dates and details will be emailed.

Primary Contact (*meat can be split by multiple families but we prefer to deal with only one person*)
